

**REMARKS**

**Claim Amendment**

Claims 8, 10-12, 14, 18- 22, 24, 31-31, 37-39 and 40-42 have been amended with clarifying amendments.

Claims 10-12 have been amended to recite elements similar to those found in claim 2.

Claim 14 has been amended to change the dependency from claim 11 to claim 13.

Claim 29 is amended to include “storing”. This amendment is supported throughout the specification, such as on page 7, line 15: “The server 20 stores set-up code 50”.

Claims 35, 37 and 40 are amended to include “transmitting”. These amendments are supported throughout the specification, such as on page 7, line 25: “The set-up code 50 may be sent by any suitable means”.

No new matter is added.

These amendments were not made for reasons related to patentability, and the full range of equivalents for all of the elements of the amended claims, as well as for all of the other claims, should remain intact.

A favorable consideration that results in the allowance of all of the pending claims is earnestly solicited.

Preliminary Amendment to S.N. 10/589,155

Respectfully submitted:

Harry F. Smith
